FOR IMMEDIATE RELEASE

Millstone Medical Welcomes Edward Mackey to its Board of Directors

FALL RIVER, MA – October 5, 2016 -- Millstone Medical announced today that Edward Mackey has joined its Board of Directors, effective October 1, 2016.

Ed has served as EVP of Global Operations at Boston Scientific since February 2015. Prior to joining Boston Scientific, he served as Worldwide President of DePuy Synthes Power Tools, a division of Johnson & Johnson, and Vice President of Integration for Johnson & Johnson's acquisition of Synthes from 2010 to 2012. Ed started as Plant Manager with Johnson & Johnson in 1995 and advanced through a variety of supply chain and manufacturing roles, becoming Worldwide Vice President of Supply Chain and Manufacturing for DePuy in 2007.

"Ed has incredible orthopedic and leadership experience" says Chris Ramsden, Chief Executive Officer at Millstone Medical. "With twenty-plus years of experience in the medical device sector and having had an outside perspective of Millstone since 2001, we believe he will bring tremendous value to our organization – helping to better serve customers and patients worldwide. We proudly welcome him to our Board of Directors."

Ed earned a Master of Business Administration from the University of Massachusetts and a Bachelor of Science in Mechanical Engineering from Worcester Polytechnic Institute.
