

## Technical Training Specialist

### Job Description:

Millstone Medical Outsourcing is looking for an energetic individual to join its Operations Department with a focus in Technical Training. We are a fast growing, fast paced medical service provider for the top Orthopedic companies in the industry. Millstone's business focus is sterile and non-sterile packaging of medical devices. Millstone also engages in other activities, such as mechanical inspection and assembly, which are designed to meet the outsourcing requirements of medical device manufacturers seeking to reduce costs while maintaining high levels of quality, accuracy and timeliness. We are FDA and ISO registered and employ a detailed internal quality system to ensure ISO compliance.

Millstone is presently looking for a Technical Training Specialist that's provided ongoing support for the development and standardization of technical training processes and procedures. A major emphasis of this position is the development, implementation and maintenance of training materials/programs that focus on improving the technical competencies of our operations personnel in order to reduce process deviations and support the production of quality products.

### Skills Required:

Candidates must have excellent organization and communication skills. Attention to detail is a must. A Bachelor's degree and several years of relevant work experience in a manufacturing environment. One to three years of experience in development of GMP Training also desired. Candidates must have experience using Microsoft Word Excel and Outlook.

### Contact:

Interested individuals should send resumes to [hr@millstonemedical.com](mailto:hr@millstonemedical.com) or apply in person at 580 Commerce Drive, Fall River, MA.
