FOR IMMEDIATE RELEASE

Millstone Medical Welcomes E.V.P of Sales & Business Development to Fall River Headquarters

FALL RIVER, MA – March 21, 2019 -- Millstone Medical announced today that Richard Worthen has joined its Massachusetts headquarter location as Executive Vice President of Sales and Business Development.

Richard previously served as Vice President of North American Sales at Clozex Medical Inc. where he headed the organization’s commercial launch of a new Class I skin closure device. Prior to Clozex, he served as Vice President of Sales and Strategic Relations at Turnpoint Medical Devices, Inc., and Executive Vice President of Sales and Strategic Relations at Medical Specialties Distributors (MSD), LLC, in Stoughton, MA where he led rapid and sustained growth of \$450M during his tenure of fifteen years. Richard also brings several years of experience from Bard Medical and Johnson & Johnson to the Millstone team.

“Richard has incredible experience in the medical device and medical products industries,” says Karl Neuberger, CEO at Millstone Medical. “With an exceptional and proven track record of driving high velocity growth in his previous roles, we believe he will serve as a notable addition to our team and help us better serve customers and patients worldwide.”

About Millstone Medical Outsourcing

Millstone has over 15 years of experience organizing outsourced supply chains. We are continuously evolving our processes and services to help medical device manufacturers (OEMs) achieve sustainable success. We offer clean room packaging, medical device specific warehousing, finished goods distribution, loaner kit management, advanced inspection and after-market services – all with an unparalleled focus on quality.
